Last week students, Natarlyia Mitchell, Tyson Perry, Georgia Roberts, Jacob Griggs, Jacob Cock, James Dare and Bronte Dare participated in the Next Gen Business Challenge. The Next Gen Business Challenge is aimed at young people who have an interest in business and or logistics, marketing, finance and information technology. The week consisted of 3 days at the Cradle Coast Campus, University of Tasmania. Leading into this experience, we had no idea what we had taken on. We were faced with the task of creating a tour that brought tourist from their home country and took them around parts of our beautiful island state, Tasmania. We were to hand in a description of our idea, including 'a market research report, draft business plan, twitter challenge, finished business plan, logistics plan, marketing package, financial plan, sales pitch, pressure cooker challenge, trade display and business model canvases. We had 5 days to do this! This was a hectic week where all-nighters were a regular occurrence. We came up with the idea of starting East Coast Tours Tasmania or ECT Tasmania for short. We had 2 packages on offer ‘Relax and Enjoy’ and ‘Purely Adventure’. These tours would see tourists going to places such as Maria Island, Freycinet Peninsula, Bay of Fires, Bicheno and lots of other places in between. We are pleased to announce that Parklands High School came in 2nd place losing by 0.3 of a point to Devonport High. This was a fantastic effort as there was 14 teams participating in this challenge. We also received Best Logistics, Best Marketing Package, and Best Small Challenge. The week was an extremely stressful, but highly rewarding experience that we will never forget.

BREAKING NEWS!!!

Parklands High School Students and Staff are to be congratulated on an amazing effort at the Eisteddfod over the last two weeks. Results next term.
If parents would like the newsletter emailed to them in future, could they please send an email to the school at parklands.high@education.tas.gov.au and make the subject “please email newsletter” so that we can add your email address to our newsletter contacts? Thank you.

Newsletter
**Burnie Eisteddfod:** Parklands had a number of students representing our school over the past couple of weeks in both the drama and the music sections of the Burnie Eisteddfod. At the time of putting this newsletter together, we are not able to recognise them in an article as the Eisteddfod are still ongoing, but anecdotally we are hearing very good things, so well done to all who participated and we look forward to sharing the details next term.

**Tasmanian All Schools Cross Country** is being held next Tuesday. Parklands will be well represented by Lourdes Atmaca, Christian Byard, Joel Boon, Natasha Moretti, Xander Watts, Tahlie Walker, Savannah Fawdry, Jordan Wood, Arley Lawson, Hayley Wescombe, Kyarna Budzul, Georgia Roberts and Reese Collins. We wish them the best and we know they will do our school proud.

**Parent Information Night** All parents are invited to our Parent Information Night next week. See details in this newsletter.

**Redevelopment:** Planning for our redevelopment is well underway and already there have been some very exciting ideas. There is no doubt now that this capital works funding recently announced will provide the opportunity to completely change the face of Parklands High and enhance the learning opportunities for all our students. As part of that we also have the opportunity to create a facility, of which the whole community can be proud.

Once again a busy term draws to a close. It seems to have flown by, but as usual looking back over the term, there has been an amazing amount achieved, from NAPLAN, Cross Country, RYDA road safety programme for Grade 10, transition events and the Eisteddfod.

**Midyear Assessments:** In amongst these events, staff have been making midyear assessments of student progress and preparing reports.

**Reports:** These important communications will go home next week and we hope to see all our parents early next term for three way meetings between parents, students and teachers.

**Parent Teacher Meetings:** These meetings are invaluable to ensure the second half of the year is as productive as it can be in terms of your child’s learning, so please remember to make an appointment time as per the schedule in this newsletter.

**Holidays:** As this is the last newsletter for the term, I take this opportunity to wish all of our community a wonderful and safe holiday. I will be taking an extended break this time, with Term 3 being long service leave for me. During this time, Mrs Fiona Heazlewood will be in the role of Principal, with Mr Stephen Koerber as Assistant Principal.

**Students return to school on Monday 20th July**
Parklands High School

Who are we?
Parklands serves the local community of Burnie providing excellent learning opportunities and high standards of teaching for Grades 7 to 10 students and a strong pathway to Holy Cross College and beyond for our associated primary schools of Havenview, Montello, Fidgley and Romaine Park.

What do we stand for?
Our school has a strong sense of direction based on our philosophy of being determined to make a difference, every day, for everybody.

What do we value?
We support parents and familiar by teaching our students to develop as responsible community members and lifelong learners:
- to respect and care for each other
- build trust and positive and meaningful relationships
- have high expectations of themselves and others
- take ownership and responsibility for their own actions

Exciting, innovative and rich learning opportunities
Our extensive learning opportunities extend from the classroom to beyond. Our students have the opportunity to engage in a range of relevant experiences which encourage them to grow, take on new challenges and develop their love of learning.

Always engaging
Our performing arts, sports and cultural programmes allow students to connect with their inner strengths and develop and extend their skills in a range of fields.

Every child has the opportunity to succeed
The wide range of subjects offered at Parklands High School have allowed me to really explore my options for the future. My teachers understand where I am in my learning and encourage me to achieve my goals.
- Donna Senior, Grade 11, 2015

Realising potential
Parklands gave me the flexibility and drive to expand my knowledge beyond its limits.
- John Jones, Former Student, Diploma of Digital and Interactive Design, Eureka College

The teachers at Parklands always celebrate and take pride in student achievement. Their high expectations have helped me develop a strong work ethic and encouraged me to reach my potential.
- Amy Mills, Former Student, Diploma 11, Hobart College

Tasmanian Government

Parklands High School
Department of Education
Last Thursday, 35 excited students along with Mr Koerber, Jane Roper and Guy Grey went to visit the Cradle Coast Campus, University of Tasmania. The opportunity was open to any student who has an intention of going to University. The afternoon consisted of a motivating speech from a former Parklands High School teacher and Masterchef finalist, Mr Ben Milbourne, who has recently started his own television programme, We also had to choose a 50 minute workshop in one of the following areas; Psychology, Biology, Asian Studies, Japanese Studies or a workshop around the Australian Maritime College. The 50 minutes included a brief explanation of what the subject was about, a short hands on learning experience and we were also encouraged to ask questions about University such as what subjects we would need to pick next year to get into certain pathways, ATARS that are required for particular courses and where subjects are offered in Tasmania.

WHAT ARE HEAD LICE?

• Head lice have been around for thousands of years. Anyone can get head lice. It doesn’t mean you are dirty or have dirty hair, head lice don’t care whether hair is clean or dirty.
• Head lice are small, wingless, blood sucking insects. Their colour varies from whitish-brown to reddish-brown. Head lice only survive on humans. If isolated from the head they die very quickly (usually within 24 hours).
• People get head lice from direct head to head contact with another person who has head lice. Head lice do not have wings or jumping legs so they cannot fly or jump from head to head. They can only crawl.

WHERE TO START

To help prevent the spread of head lice, we ask that you:
• Notify your child’s school as soon as you detect head lice or nits in your child’s hair
• Take advice as to the best treatment for your child and family and follow the pharmacist’s instruction.

TIPS

• The lice themselves are hard to spot, but look out for brown or grey insects about the size of a match head that lurk at the roots of your child’s hair.
• A nit will not easily come off the hair but dandruff will.
• Teach your child not to share brushes, combs, hats, swimming caps or hair bands.

Spotting head lice

Louse eggs (nits)
Magnification of head louse
### Infectious Diseases

The following diseases are presently deemed to be infectious, contagious or potentially harmful to the health of other people in a school. The minimum periods that a sufferer should not attend school are indicated. These recommended periods are a guide which may be modified in individual cases. Further advice can be obtained from the Director of Public Health.

<table>
<thead>
<tr>
<th>Disease</th>
<th>Exclusion Periods</th>
</tr>
</thead>
<tbody>
<tr>
<td>Chicken Pox</td>
<td>Should not attend for 5 days after the first eruption appears (scabs remaining after this time are not an indication of a need for continued exclusion)</td>
</tr>
<tr>
<td>Conjunctivitis</td>
<td>Should not attend until eye discharge stops</td>
</tr>
<tr>
<td>Diarrhoea</td>
<td>Should not attend until condition stops</td>
</tr>
<tr>
<td>Measles</td>
<td>Should not attend for at least 5 days from appearance of rash</td>
</tr>
</tbody>
</table>
